PROF. V. B. SAWANT Head Of Department Principal, RGIT

Student Reviews

Respected sir, the lecture should be more interactive and students should be more involved in it. you should ask random questions in between so that students stay attentive and do not sleep.
Respected sir, please try to give assignments time to time,instead of giving them all one day prior to submission
Awesome faculty and amazing sense of humor.
Very cooperative and friendly
Professor does not want to even teach the topics always says google it. and no practical sessions even though pcs are down doesnot even give assignments or writeups on time always delays deadlines and
Should cover the topics in the class and provide notes to students
Negligence and laziness level just high
Should be able to take practicals...

.
