Very nice teacher but lecture becomes boring and sometimes we dont understand the topic as she teaches little fast

Uses complex methods to solve basic sums, gets distracted very easily, extremely low productivity and hence it requires extra lectures in order to complete the syllabus.

too many extra lectures, sometimes unable to solve the questions. other ways one of the best teachers.

Takes lot of extra lecture

Improve basic calculations and solve unsolved examples.examples from other book should take Very very fast madam, so fast that even before we learn first topic she would reach 3rd topic.

Comes to class before time.

explains well.

Rohini mam teaches very fast so we cant understand her lecture so no one likes to sit in her lecture but we have to sit for attendance
